AIDS stands for Acquired Immune Deficency Syndrome
HIV stands for Human Immunodeficeny Virus
There isn't cure for AIDS and vaccine to prevent it. Treatment consists of drugs that have to be taken every day
AIDS ≠ HIV
You cannot get HIV or AIDS from kissing, hugging or from using a pubblic toilet
THE RIGHT TO HEALTH
MALARIA
It is still the cause of over 1 million deaths every year
It's a tropical disease caused by a parasite that is trasmitted by the female mosquito when it feeds on blood for its developing eggs
There are many people, organization and charities that are involved in the fight against and the prevention of malaria.
